*Preparing every student to be a pillar of any community*

14<sup>th</sup> January 2022

Dear Parents/Carers

This week we have seen a spike in Covid infections in the sixth form and we have put in place some additional controls regarding the sixth form which includes year 12 only coming to school for their lessons to try and reduce the number of sixth form in the common room and reduce transmission. **Please can I ask that you to ensure that your child continues to LFT at least twice per week and that this test is taken at home.** This week we have seen an increased number of students coming into school and saying that they are unwell and then testing positive. This issue with this is that they are at risk of transmitting the virus on their way into school or to staff and other students when they reach school. If your child wakes up with any symptom whatsoever including a cough, cold, sore throat or headache they must test immediately. If you require any LFTs please just ask your child to collect them from the academy.

Best wishes

Ms Downey
